

OptumRx Preferred90

OptumRx® and CVS Pharmacy® make it easier for you to get your maintenance medications with options that may save you money.¹ The OptumRx Preferred90 program allows you to get three-month supplies of your medication(s) at nearly 9,700 CVS Pharmacy locations or through OptumRx home delivery – the choice is yours.

Here is what this means for you:

Cost savings

You may pay less for your medication(s) with a three-month supply.

Convenience

Your pharmacist is happy to answer your questions either at the pharmacy or by phone.

Choice

Choose between OptumRx home delivery or nearly 9,700 CVS Pharmacy locations.

Whether you decide to get your maintenance medication(s) from a CVS Pharmacy location or through OptumRx home delivery, it's easy to get your medication(s).

If you choose a CVS Pharmacy location:

	 In store	Bring in your prescription(s) or empty prescription bottles.
	 Online	Visit CVS.com/transfer and follow a few simple steps.
	 Phone	Call your local CVS Pharmacy and a pharmacy staff member will help you.

If you choose OptumRx home delivery:

	 ePrescribe	Ask your doctor to send an electronic prescription.
	 Online	Visit the member website listed on your health plan ID card and register.
	 Phone	Call the toll-free member phone number on your health plan ID card.

Frequently asked questions

What happens if I do nothing?

You don't need to do anything. You can continue filling 30-day supplies at your current retail pharmacy and paying your same share of the cost. However, if you choose this option, you may miss the opportunity to save money on your medications.

Are all medications included?

No. This program only applies to certain maintenance medications taken on an ongoing basis. Excluded are medications that are taken for a short period of time (such as antibiotics), select controlled substances or medications included in the specialty pharmacy program.

How do I get started with OptumRx home delivery?

Visit the member website listed on your health plan ID card to get started. You can then choose the medication(s) you want shipped directly to you. You can also call the toll-free phone number on your health plan ID card any time. We will help transfer your prescription(s) to OptumRx home delivery.

How do I transfer a prescription to CVS Pharmacy?

Call or visit any of the nearly 9,700 CVS Pharmacy locations and show your ID card. You can also request to transfer your medication(s) online by visiting **CVS.com/transfer**. All you need is the name of the medication(s) along with the name and phone number of the transferring pharmacy.

1. In most cases, your benefit plan design provides medication cost savings through home delivery or CVS Pharmacy.
