

\$0 cost for certain medications*

We're making medications that may be essential to your health more affordable.

The new Vital Medication Program offers Oxford members certain drugs at **no additional cost**.* This means there may be no out-of-pocket costs for preferred insulins and certain other medications, including:

- ✓ **Insulin** – rapid, short and long-acting
- ✓ **Epinephrine** – allergic reactions
- ✓ **Glucagon** – hypoglycemia (low blood sugar)
- ✓ **Naloxone** – opioid overuse
- ✓ **Albuterol** – asthma

To see if you're eligible for no out-of-pocket costs on preferred insulins and other prescription drugs, sign in to myuhc.com/rx

**United
Healthcare
Oxford**

*Available to eligible members. Check your coverage details at myuhc.com/rx.

If you are not currently enrolled with Oxford pharmacy benefit coverage, you may access your health plan's member website for additional information during your open enrollment period or you may contact your employer or health plan for additional information.

Medications are categorized by common therapeutic conditions in this reference guide for ease of reference only. These categories do not determine coverage for the medication for your condition. Your benefit plan determines how these medications may be covered for you.

Where differences are noted between this reference guide and your benefit plan documents, the benefit plan documents will govern. This document applies to commercial group members of Oxford plans.
