

Get to know a small business health plan designed to give you more.

Discover savings, freedom and stability with All Savers Alternate Funding.

The No. 1 challenge facing small business owners is the cost of health coverage, with 69% reporting rising health care costs over the last 4 years.¹ Affordable Care Act (ACA) regulations add even more complexity and cost. It's no wonder that small businesses are looking for more cost-effective, flexible ways to provide quality health benefits to their employees.

All Savers[®] Alternate Funding health plans are designed to give your small business savings, freedom and stability—with rates based only on your employees. So if their claims are lower than expected, you may get money back at year-end. In fact, over a two year period (2018-2019 plan years ending), 31% of All Savers Level Funded plans were able to apply an average surplus of \$8,420.²

Savings

- Rates based only on the claims experience of your employees (not subject to Adjusted Community Rating or impacted by poor health trends outside your business).
- Wellness programs designed to help employees get healthier, which may lower claims costs.
- A potential year-end surplus refund if claims are lower than expected.

Freedom

- Exemption from most ACA regulations and state mandates.
- Exemption from most state insurance premium taxes.
- A variety of plan designs that can be customized to your business.

Stability

- Fixed monthly payments, regardless of actual claims, similar to a fully insured plan experience.
- Stop loss protection from unexpected high claims.
- Online tools to help simplify plan management.

Get the benefits of self-funding without the risks.

Many larger businesses choose self-funded health plans for more cost control and their ability to spread claims risk across a large base of employees. All Savers is essentially a self-funded plan, too, but with safeguards built in for small businesses.

Unlike traditional (fully insured) health plans, All Savers consists of a self-funded medical plan plus stop loss insurance to help protect your business from unexpected high claims.

What your All Savers dollar buys:

Self-funded Medical Plan

- Covered medical expenses of employees and their families
- Fixed monthly payment
- Wellness programs at no additional cost

Administrative Services

- Claims administration
- Reports
- Employee services
- Network services
- Managed pharmacy services

Stop Loss Insurance

- Limits your exposure to medical claims risk
- Individual and aggregate coverage

Find a customized fit for your business.
